

Waikato District Health Board...

a better way of life

Audiologist

Audiology Department, Waikato Hospital

Part time 32 hours per week

Fixed term August 2010-January 2011

Position No. 51007-48402

We're looking for qualified audiologists looking to gain experience in diagnostic and rehabilitative paediatric audiology. This is a part time 32 hours per week position, which we are willing, on negotiation, to split between two appointments (part time 16 hours per week) if required. This is ideal for those looking to gain observational and practical experience in paediatrics as part of the requirements under the NZAS CCC program.

You will be working alongside a motivated team of audiologists. Our Audiology Centre provides a complete range of diagnostic and rehabilitative services including ABR, OAEs, and central auditory processing testing, as well as overseeing the Waikato Newborn Hearing Screening programme. We have a very spacious clinic with modern equipment. Supervision of junior audiologists can be provided by experienced staff.

The successful applicant must have a Master of Audiology which is recognized by the New Zealand Audiological Society (NZAS), and should either be a provisional member of the NZAS or eligible for membership. The ideal candidate will be an enthusiastic, flexible person with good organisational, communication and interpersonal skills who enjoys being part of a team.

Closing Date: 26 July 2010

Charge Audiologist

Audiology Department, Waikato Hospital

Full time 40 hours per week

Position No. 51007-48401

We seek an audiologist to lead our enthusiastic and innovative team. Our Audiology Centre provides a complete range of diagnostic and rehabilitative services including ABR, OAEs, and central auditory processing testing, as well as overseeing the Waikato Newborn Hearing Screening programme.

The successful applicant will have experience in managing staff and be able to take responsibility for managing the service on a day-to-day basis. Other responsibilities include providing professional support to the ENT Department and overseeing the training and development of Audiologists, Audiology Technicians, and Hearing Screeners. The caseload is varied, ranging from paediatric audiology including central auditory processing assessments, to adult diagnostic and hearing aid assessments.

Applicants must either be a full member of the New Zealand Audiological Society or be eligible to become a member.

Closing Date: Open until position filled
