

NZQA Verified Degrees

All overseas-qualified applicants must have their qualifications reviewed by the [New Zealand Qualifications Authority](#) to confirm the **level of qualification** (ie. masters, diploma, etc).

Some international audiology / audiometry qualifications have previously been assessed by NZQA.

If your qualification is listed below **and** was awarded in the last 10 years, you do not need to apply for a NZQA Assessment of your qualification.

If your qualification is listed below but was awarded more than 10 years ago (prior to 2013), please proceed with a [NZQA Assessment](#).

If your qualification is not listed below, please proceed with a [NZQA Assessment](#).

The following qualifications have been assessed by NZQA in the last 10 years.

Country	Qualification Title	Awarding Tertiary Institute
Philippines	Master of Clinical Audiology	University of Santo Tomas
	Master of Clinical Audiology	University of Philippines Manila
India	Master of Audiology in Speech and Hearing	University of Mysore
	Master of Science (Audiology)	Manipal University
	Master of Science (Audiology)	University of Mysore
	Master of Science (Audiology)	University of Bangalore
	Master in Audiology and Speech-Language Pathology	Maharashtra University of Health Sciences
Singapore	Master of Science in Audiology	National University of Singapore
China	Master of Science in Audiology	University of Hong Kong
Australia	Diploma of Audiometry	TAFE Australia

Please note, validation by NZQA does not mean your qualification has been accepted as being sufficient to practice clinically in New Zealand. NZQA assesses the level of the qualification, but to practice as an audiologist or audiometrist in New Zealand you must also demonstrate that your qualification and coursework reflect the minimum clinical competencies necessary to practice in New Zealand. Within the application form, there is a mapping tool provided for you to complete.
