

Phonak New Zealand.

Sales & Audiology Team Opportunity

- Ready for the next step in your Audiology career?
- Want to join a market leading team that prides itself on providing outstanding service and support?
- Interested in having greater flexibility and variety in your day compared with clinical work?
- Enjoy travelling around New Zealand and meeting new people?

Sounds interesting? Keep reading.

About Phonak

Phonak New Zealand is part of the Sonova group www.sonova.com, a global leader in innovative hearing care solutions for over 75 years. We are passionate about creating hearing solutions that change people's lives to connect socially, thrive mentally and emotionally. Locally, we strive to provide the highest level of service and support to both hearing healthcare professionals and the hearing-impaired people in New Zealand through the continued investment in our full service and production lab right here in Auckland. Our team of 50 staff deliver on our goal, which includes the largest Audiology and technical support team in the country.

About you

An opportunity for a full-time Audiologist has become available in our Sales & Audiology team. Since audiological expertise is important to us, the successful candidate will have a Master of Audiology degree (or equivalent) and at least 3 years of clinical experience. The successful candidate must be willing to travel regularly within New Zealand.

Other key attributes we are looking for include:

- Excellent communication skills (both written and verbal), including being comfortable presenting to small and large audiences
- A strong ability to quickly understand issues and find good solutions, allowing rapid, accurate trouble shooting and problem solving
- Strong client management and customer relationship skills

- A motivated individual with great time management skills who works well both within a team but also individually when required
- Someone who enjoys variety and has the flexibility to travel on a regular basis
- A strong desire to learn and develop your business acumen
- Previous experience in sales, marketing and data analysis is advantageous
- Willingness and enthusiasm towards learning new clinical skills
- Possibility of being involved with cochlear implant work for our Advanced Bionics brand.

What we offer

You will have the opportunity to expand your market knowledge, develop your business acumen and enjoy flexibility to your work day. We are based in modern offices in Auckland with a friendly team who take pride in delivering the highest level of support and service to our customers and clients.

So if you are looking for a new challenge and this role sounds like you, please contact us. All enquiries will be treated in the strictest confidence.
