

## **The Hearing House: Audiologist**

### **Permanent Full Time (ideally)**

#### **About Us**

The Hearing House is a not-for-profit organisation transforming the lives of children and adults with hearing loss who have cochlear implants. We support clients and their whānau in the region spanning from the far north of New Zealand/ Kaitia to Taupō. The Hearing House offers a supportive people-focused culture where our team's purpose is to enable all people who are hard of hearing, communicate and participate in society to their full potential.

#### **About the Role**

We are looking for an Audiologist to provide best-practice cochlear implant audiological services to adult clients, including carrying out cochlear implant candidacy assessments, switch-on and device programming, mapping, post-implant reviews and contra lateral hearing aid fittings.

Your responsibilities will include:

- Completing and writing assessments alongside the implant team
- Providing post-operative audiology management
- Organising and running multi-day clinics, including outreach clinics, throughout the Northern region
- Working effectively with diverse people including people with a range of complex needs
- Demonstrating passion, commitment and empathy in all aspects of your work

There are exciting opportunities for you at The Hearing House to work on your own projects of clinical interest and contribute to clinical research. The Hearing House is a collaborative environment benefiting from external alliances with other organisations in the sector including the University of Auckland. Your commitment to further training and professional development will be encouraged and supported by The Hearing House.

#### **About You**

The successful candidate will be able to work autonomously and as valuable team member within a co-treatment environment. We want to know you are a committed advocate, who will do all you can to ensure clients in the care of The Hearing House are given the best opportunity for them as individuals to meet their full potential. The ability to be resourceful and flexible is necessary. We look for team

members that have excellent interpersonal skills who communicate effectively from a written and verbal perspective and can demonstrate a high level of cultural competency and empathy.

It is essential that you hold a New Zealand Masters in Audiology (or international equivalent) and have a minimum of 3 years audiology experience with adults.

Ideally you will also be a member of the NZ Audiological Society and have experience working within a cochlear implant programme.

### **Diversity and Inclusion statement**

We have an understanding and respect of the implications for Māori in relation to the partnership Māori have with the Crown according to the Treaty of Waitangi.

As a team member, you will also need to be culturally aware and have an understanding and respect for the diversity of other cultures.

At The Hearing House we are committed to being an inclusive multi-disciplinary organisation where all people feel valued, respected, and heard.

We commit to:

- Continuously working towards removing barriers and bias.
- Building a collaborative and passionate workplace environment
- Cultivating a sense of belonging by encouraging our people to fearlessly bring their whole selves to work.

Applications close 30 September 2023
