

Join us as a partner in Nelson, Richmond and Blenheim!

Nelson, Richmond and Blenheim

Want to know what else is out there?

We're on the lookout for energetic, passionate and customer-centric audiologists to join our partnership. With a focus on placing the needs of our customers first, plus great service, and unbeatable value for money quality products – isn't it time you joined Specsavers?

Are you ready to own your own business?

Since launching in late 2020, our business has grown from strength to strength. We have launched 27 stores and welcomed 19 Audiology partners in our network during this short time. To support our growth, we are now seeking to bring on board employed clinicians to be part of our success story.

Ko wai mātou | Our Organisation

Specsavers launched in New Zealand in 2008, rolling out great value optometry services across the North and South Island. Today we are proud to be the eye care provider of choice for over 1.2 million New Zealanders. In 2020 we took it a step further, and launched our audiology services within our established optometry stores to raise hearing awareness and provide great value for both audiology and optometry together.

Te whiwhinga mahi | The Opportunity

At Specsavers, our goal is to provide audiology services in every store. We currently have more than 50 stores across New Zealand – and growing – which means every store presents an opportunity for partnership. As more opportunities become available, we want to talk to audiologists just like you, who want to be a part of a business that strives to transform the industry into a better place for clinicians and customers alike.

Nga Pūkenga Motuhake | Important Skills

As the ideal person for the role, you will have the following skills and attributes:

- You will hold a relevant qualification in Audiology that is recognised and approved by the New Zealand Audiological Society (NZAS).
- You will hold a current certificate of clinical competency, or be eligible for full membership, from the New Zealand Audiology Society (NZAS).
- You will be motivated, be a self-starter with the ability to work and learn both autonomously and within our great team.
- Have a can-do attitude, plus proven problem-solving skills. Someone who enjoys a challenge and thrives on result.

He aha ngā painga o tēnei mahi mōu | Why you will enjoy working here

- The ultimate opportunity to run and grow the Specsavers Audiology business
- Guaranteed base salary of \$100,000+ kiwi saver
- Profit distributions paid through dividends (paid quarterly once the business is making profits)
- You'll have the best of both worlds – the clinical independence to make those critical day-to-day decisions in the best interests of your customers and support and experience of Specsavers behind you – a renowned and constantly-expanding brand with more than 330 retail outlets nationwide
