

Thinking about a new chapter in Audiology?

Register your interest in Specsavers Audiology partnership

Are you an audiology professional ready for a new challenge, one that offers greater autonomy, business ownership, and the opportunity to shape how hearing care is delivered? At Specsavers, our partnership model has changed the game. With 221 audiology joint venture partners (AJVPs) across Australia and New Zealand, we've created a new way for audiology professionals to succeed, and the results speak for themselves.

Whether you're just beginning to explore what a geo-flexible Specsavers partnership could look like, or you're actively considering your next career move, we invite you to register your interest and join our "partnership pipeline," a group of highly engaged audiology professionals who are first in line when opportunities arise.

Who can join the Partnership Pipeline?

- This expression of interest is open to audiology professionals who have Successfully completed our Clinical Standard Assessment and Partner Assessment (a strengths-based interview designed to assess partnership potential)

As a Partnership Pipeline candidate, you will:

- Stay connected to upcoming Specsavers Audiology partnership opportunities.
- Be considered for acting partner roles and employment as positions emerge.
- Gain early access to insights and updates on new store openings and market availability.

Please note: This is an expression of interest only, not a guarantee of placement. But it's the best way to stay informed and take the first step toward partnership with Specsavers Audiology.

Register your interest now and start your journey toward something bigger.

For a confidential discussion, contact Amanda La Ferla, Professional Recruitment Manager on 0407 825 990 or anz.audiologyrecruitment@specsavers.com.
